

# ANTIMA CHAUHAN

(+91) 9511276852 | antimachauhan888@gmail.com | LinkedIn | GitHub | Mumbai, India

## Professional Summary

Passionate Software Developer with hands-on experience in building and delivering high-quality cross-platform mobile apps and full stack web applications. Proficient in Flutter, React Native, and MERN stack with a strong focus on clean architecture, REST API integration, and scalable backend development. A collaborative team player driven by continuous learning, technical growth, and delivering impactful, production-ready solutions.

## Experience

**Freelance Full Stack Developer | FirgoMart** May 2026 – Present  
*Delivery Partner Platform | React Native · Node.js · Express · MongoDB · TypeScript*

- Actively designing and developing the core architecture for the Delivery Partner Mobile Application.
- Building responsive mobile UI components and implementing real-time order tracking/flow states using React Native.
- Developing robust RESTful backend APIs with Node.js and Express to seamlessly manage delivery lifecycles.
- Implementing secure data management with MongoDB/Mongoose and managing user authentication via JWT.

**Flutter Developer Intern (Team Leader) | UptoSkills** Feb 2026 – May 2026  
*Mobile App Development | Flutter · Dart · Firebase*

- Appointed as Team Leader, coordinating Flutter developers for feature delivery and code reviews.
- Developed cross-platform mobile applications using Flutter and Dart.
- Integrated REST APIs and applied state management techniques for real-time data handling.
- Debugged and optimized app performance across Android and iOS platforms.

**Full Stack Developer Intern | SDGI TechnoSystems Pvt Ltd** Nov 2025 – Jan 2026  
*Web Development | React.js · Next.js · Node.js · Express · MongoDB · REST APIs*

- Built and maintained full stack web applications using React.js and Next.js for frontend.
- Developed RESTful backend APIs with Node.js and Express; integrated MongoDB for data management.
- Collaborated via Git/GitHub for version control and participated in team code reviews.

## Key Projects

**HerShield — Women Safety App** *Flutter · Firebase · SQLite*  

- SOS alert system notifying emergency contacts; real-time chat between users and guardians.
- Location-based place safety rating; offline storage with SQLite + Firebase Auth and push notifications.

**URL Shortener — Full Stack** *Node.js · Express · MongoDB · HTML/CSS*  

- URL shortening service with click analytics, short URL redirection, link generation, and validation.

## Technical Skills

**Languages:** Dart, JavaScript, TypeScript, Python, C, C++, Java

**Mobile:** Flutter, React Native, Firebase

**Frontend:** React.js, Next.js, HTML5, CSS3, TailwindCSS

**Backend:** Node.js, Express.js, REST APIs, JWT

**Databases:** MongoDB, MySQL, Firebase

**Tools:** Git, GitHub, Postman, VS Code, Android Studio

**Concepts:** OOP, DBMS

Exploring: Agentic AI, Business Automation

## Education

**Master of Computer Applications (MCA)** Aug 2024 – May 2026  
*Banaras Hindu University, Varanasi*

**Bachelor of Computer Applications (BCA)** 2019 – 2022  
*Tilak Maharashtra Vidyapeeth, Pune — 80%*
